

Oaker Wood Leisure Summer Holiday Camp
12th to 14th August 2026

Mobile Phone Policy:

- We have made the bold decision that no mobile phones will be allowed at our Summer Camp.
- At Oaker Wood we are committed to creating an environment where children can fully immerse themselves in the experience, build friendships, and enjoy the outdoors. For this reason, we ask that children do not bring mobile phones or other personal electronic devices.
- A screen-free environment encourages children to be present, engage more deeply with activities, and connect with others in meaningful ways. Without the distraction of phones, children are more likely to participate fully in group games, explore nature, develop new skills, and build confidence and independence. It also helps reduce social pressures often linked to social media and constant connectivity.
- We understand that being away from home can feel like a big step, but our trained staff are always on hand to support and communicate with families if needed. By removing screens, we create a safe, inclusive space where children can relax, have fun, and make lasting memories.
- Our instructors will have a mobile phone which they can contact parents on should they need to.
- We appreciate your support in helping us provide a positive, enriching, and truly memorable summer camp experience for every child.
- Please note, no cameras are allowed on-site.
